GitHub repository link

GitHub repository link:

<https://github.com/anacasx/converter>

The screenshot shows the GitHub repository page for 'converter' by user 'anacasx'. The repository is public and has 0 stars, 0 forks, and 0 watchers. It has 1 branch (main) and 0 tags. The repository contains 4 commits. The file list shows:

File	Commit Message	Time
.idea	Add mapper, CU in Main	2 minutes ago
sample_data	Delete sample_data/output.csv	last week
src	Add mapper, CU in Main	2 minutes ago
.gitignore	Initial commit - converter	last week
README.md	Add mapper, CU in Main	2 minutes ago
pom.xml	Initial commit - converter	last week

The README file is selected, showing the title 'JSON to CSV Converter' and the description:

Description

This repository contains a Java 17 project called **Converter**, developed to transform JSON files into CSV format. It includes functionality for reading JSON, transforming the data into a flat structure, and writing the results into CSV files.

The right sidebar shows the 'About' section with no description, website, or topics provided. It also shows the 'Releases' section with no releases published and a link to 'Create a new release'. The 'Packages' section shows no packages published and a link to 'Publish your first package'. The 'Languages' section shows a bar chart with 'Java' at 100.0%. The 'Suggested workflows' section shows a workflow named 'SLSA Generic' with a 'Configure' button.
